Dogs and cats 4 months or older are required to be rabies vaccinated. Animals must be brought in on a leash or in a carrier.

**PLEASE STAY IN YOUR VEHICLE WITH YOUR  
PET AND VOLUNTEERS WILL COME TO YOU.**

If you wish to receive a 3-year vaccine, your pet must have already received the 1-year vaccine. Please bring proof of previous rabies vaccination if you want to get the 3-year vaccine

These clinics are brought to you by a collaborative effort of the following groups: Bedford County Sheriff's Office Animal Control, The Bedford Humane Society Inc., The Virginia Department of Health, Bedford County Emergency Services, Bedford County Administration, and area veterinarians.

**WE WOULD LIKE TO THANK THE PARTICIPATING VETS, FOR WITHOUT THEM THIS WOULD NOT BE POSSIBLE**
